This lightweight convertible Chromebook boosts individual productivity and facilitates collaboration in equal measure. A durable 360° hinge enables four modes of interaction – laptop, tablet, tent or stand – that users can adapt to their work style. Anytime, anywhere access to G Suite helps employees work and collaborate on the move, while the onboard pressure-sensitive digital pen is great for taking notes, reviewing presentations or signing documents.

REASONS TO BUY

Get to work using G Suite apps and sync files offline with a choice of 64GB or 128GB of storage onboard. With Chrome Enterprise, IT admins can manage Chrome devices via Microsoft Active Directory, other 3rd parties, or directly in the Google Admin console.

Users can collaborate by holding virtual meetings using the 720p webcam. And with tablet mode, they can snap photos using the world-facing 5MP camera, handy for inserting into emails and documents.

Lightweight 1.35kg (2.98lbs) and 20.35mm (0.8") thin design, this Chromebook is easy to carry on the move and will fit into almost any bag.
