dynabook

Classroom ready. IT friendly. Schoolyard tough.
The Satellite Pro E10-S

Students need technology that helps them realise their potential. And you need easy-to-manage devices that fit your budget. That's why we created the Satellite Pro E10-S – an affordable laptop tailor-made to meet the needs of both your pupils and your IT teams.

This 11.6" device is schoolyard tough and has been engineered to resist excess pressure and unexpected drops[*]. With up to 10[**] hours of use on a charge and a powerful dual-core Intel® Celeron™ processor, it'll support uninterrupted learning both in and out of the classroom. And thanks to Microsoft Shape the Future eligibility, plus uncomplicated manageability and robust security, it'll reduce the burden on your IT administrators, too.

At a glance

Windows 10 Pro (64-bit)

19.9 mm thin, and weighs just 1.15 kg

Mechanically anchored key caps

Up to 10[**] hours battery life

Rubber bumpers

HD webcam and noise-suppressing microphones

11.6" Non-reflective HD screen

Reinforced 180 degrees lay flat hinges

USB Type-C®, HDMI, Gigabit LAN and Micro SD slot

2 x USB 3.0 ports

Engineered to resist excess pressure and unexpected drops[*]

*The E10-S's frame has been tested to withstand pressure of up to 100kg and drops from standard desk height
**Measured with Mobile Mark™ 2014. Mobile Mark is a trademark of Business Applications Performance Corporation

Endure the school day

Tested for toughness from frame to battery*, you can rest assured that the Satellite Pro E10-S will take the stresses of school days in its stride.

Rubber bumpers protect the device from the rough and tumble of student life and also provide extra grip on the desk Strengthened ports and mechanically anchored keycaps, part of a newly designed spill-resistant** keyboard, prevent breakage from curious fingers. What's more, the E10-S's strengthened hinges can open a full 180 degrees, enabling easy screen sharing while preventing over-extension.

*Tested to withstand pressure up to 100kg and drops from standard desk height
**Spills up to 30cc

Lifelong affordability

Eligible for Microsoft's Shape the Future Program, the E10-S provides excellent value for money whether you're buying upfront or leasing. We've carefully selected every component to extend the device's lifespan, too, helping to deliver superior return on investment. Its battery has been designed to hold charge even after many charging cycles, while its solid state SSD or eMMC storage offers further durability and longevity, reducing the likelihood that repair will be needed if the laptop is dropped or shaken.

And when it comes to serviceability, you can rest assured that fixes will be quick and easy, and spare parts will be available for the long-term.

The finer details

Processor	Intel® Celeron™ N4020 processor
Operating System/Platform	Windows 10 Pro 64-bit
Design Colour	Black textured finish
System Memory	Choice of 4GB/8GB modules (up to 2,400 MHz)
Solid State Drive	64/128GB eMMC or 128/256GB M.2 SSD
Display	11.6" Non-reflective HD
Graphics Adapter	Intel® Ultra HD Graphics 600
