Lenovo

ThinkCentre M920 Tower and SFF

GIVE YOUR BUSINESS THAT EXTRA BOOST

Tailored to suit your business needs, the ThinkCentre M920 Tower and SFFs are your best bet. Experience superior handling of large files and applications with the new Intel® 8th Generation with vPro™ Processors and DDR4 memory. These desktops come with an array of high-speed USB ports that help enhance your productivity by adapting to your connectivity needs. Leave all your security worries behind; the dTPM 2.0 data encryption chip secures valuable data, and the chassis E-Lock protect the key components in your desktop from theft.

- **Productivity:** the DDR4 memory and PCIe SSD storage enable effortless multitasking, especially when you're dealing with multiple apps. For improved accessibility, the high-speed USB ports that include a USB-C port, enable quick data sharing. NVIDIA®'s high-quality graphics card in these desktops is a perfect tool for you to exercise your creativity for superior content creation.
- **Manageability:** with the Smart Power On feature, switch the desktop on remotely using a simple keyboard shortcut. The sturdy and convenient handle on the Tower desktops makes for easy relocation.
- **Security:** the dTPM 2.0 chip encrypts all valuable information on the Tower and SFF. Restrict access to the key components of the desktop by securing it with a padlock. Additionally, the chassis E-Lock, powered by the motherboard, protects the key components of the desktop from the inside.
