

PRODUCTIVITY-DRIVEN  
COMPUTING POWERHOUSE

**ThinkCentre** M920z AIO

**Lenovo**

# ThinkCentre M920z AIO

## HIGH ON PERFORMANCE. PREMIUM FEATURES.

The ThinkCentre M920z AIO is a powerful productivity solution that saves you time and space. Graphics-rich content creation and number crunching tasks are hassle-free on the 23.8-inch full-HD borderless, anti-glare display. Powerful Intel® Core™ Processors, high-speed DDR4 memory, and other impressive features like Smart Power On, Eye Comfort mode, and Rotatable Camera module make this MIL-SPEC tested AIO a premium computing powerhouse in any work environment.

- **Robust Security:** the TPM 2.0 encrypts your data for enhanced security. Securely login to the device using your face with Windows Hello via the RGBIR camera. BIOS-based Smart USB Protection allows access to only designated USB devices to prevent data leaks.
- **Space-saving Practical Design:** get extra desk-space with the full-HD borderless display — saves up to 8% more space as compared to non-borderless AIOs. Also, with the Ultra-Flex III stand, you can tilt and swivel the ThinkCentre M920z to position it the way you want.
- **Hassle-free Connectivity:** the ThinkCentre M920z AIO comes with an array of front and rear ports for easy access. With USB 3.1 Type-C, you can transfer data at lightning speed.

## ACCESSORIES

### Lenovo Professional Wireless Keyboard and Mouse Combo ▶

Get responsive, quiet keys, and a premium typing experience with this full-size wireless keyboard and mouse combination. A slim 2.5 zone keyboard with number pad and one-touch dedicated media keys puts the controls you use most at your fingertips, and the ergonomic mouse supports all-day use.

### ◀ Lenovo Analog Stereo Headset

Universal VoIP optimized headset helps you focus on your call. A perfect complement to AIOs, laptops, workstations, desktops, and tablets, the double-sided ear pieces help you focus on the call by blocking the unwanted sound. It also provides excellent comfort, fit and sound clarity for VoIP and regular phone calls.

### Kensington™ MicroSaver DS 2.0 Cable Lock ▶

The Kensington™ MicroSaver DS Cable Lock allows customers to manage physical security access within offices in the enterprise. Cable lock helps reduce theft, and increase physical asset security protection for AIOs, laptops, laptop docking stations, desktops and flat panel monitors.

# ThinkCentre M920z AIO

## PERFORMANCE

## RECOMMENDED SERVICES

### Keep Your Drive

Retain your drive if it should happen to fail, giving you the peace of mind of knowing that your valuable data is secure.

### Asset Tagging

Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.

### Warranty Extensions (1 To 5 Years Total Duration)

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your valuable investment, and lower the cost of ownership over time.

### Premier Support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

### Asset Disposal

Recycle and dispose of hardware assets responsibly via Lenovo's audited processing facilities. Web-based portal delivers a reliable and consistent customer experience.

## Drop in the Box

Before your customers' product leaves the factory, Lenovo can insert custom documentation into each system box shipped. This could be a greeting to the end user, or Drop-in-the-Box can be used to provide deployment instructions for the users to deploy their own systems.

## Lenovo Cloud Deploy

Users can securely download and execute the Lenovo InPlace Migration solution directly from the Lenovo Cloud Deploy infrastructure.

## Image Management

The Lenovo ITC will proactively manage and update a customer's custom image on a quarterly basis. Management includes: installation of OS hotfixes; updates to installed apps; any non-scripted OS or app customizations; addition or updates to full driver sets (up to four models); driver refresh for existing hardware models; and individual driver update to fix problems.
