# LANSCHOOL

As a pioneer of classroom management software, LanSchool has been placing purposeful technology in the hands of passionate educators for over 30 years. We empower educators to create meaningful 1:1 learning experiences in both virtual and traditional classrooms.

Guide Classroom Learning

Promote positive redirection through private student-teacher messaging and monitor screens with Website Limiting and Blank Screen functions.

Promote Collaboration

Easily share your screen with the class to distribute materials, administer quizzes and polls, and highlight outstanding student work. Supports distance learning to inspire the best outcomes in every student inside the classroom or at home.

Make the Most of Class Time

Manage multiple classroom activities all within one simple platform and customize your settings to easily access frequently used features.
